➤ Creative Everything from production, copywriting, promos, parodies and comedy. Keep it new, keep it fresh and surprise the listeners every single day!

➤ Community Oriented I get my feet wet locally. I join organizations and go out regularly to concerts, clubs and events. It's not just knowing what's going on, but being a part of it. I LOVE APPEARANCES!

➤ Love My Work There's a lot to be said for not being complacent, always striving to improve, trying new things, learning new techniques and being open to criticism. It takes a helluva lot of effort to be number one and I've got the energy to make it happen. You won't find me running out the door as soon as my shift is over.

➤ Technically Savvy I am proficient in the following programs and equipment:  
Digital Sound Editor, Vox Pro, Spectral, SAW, Short Cut, Sound Editor 16, Audition, Cool Edit  
Audio Vault, RCS Master Control, Prophet  
Front Page, Word, PhotoShop, Excel, PowerPoint, anything Microsoft!
